

Youth and Government COVID-19 Protocols

After the past 18 months, we believe that connecting with others is more important than ever. **As we approach YAG 2022, we want to balance participant safety and the strong desire to have an in-person conference.** YAG will have some modifications and will follow safety protocols as we continue to follow advice from the Center for Disease Control (CDC) and the NH Department of Health, while also utilizing the learnings of our YMCA colleagues in similar program environments.

LEARN MORE

If you have any questions about the program, please contact Deb Galipeault, Child Care & Youth Development Director, at 603.228.9622 or dgalipeault@graniteymca.org.

HOW TO REGISTER

- Register at www.graniteymca.org or by scanning this QR code.
- Financial assistance is available.

To keep this balance, we will follow several practices that we want everyone to know about as they make their participation decisions:

EVERYONE, including students, advisors, and staff, will be required to take a COVID test within 3 days of the start of the Model Legislative Session if staying overnight, regardless of vaccination status.

Results of that test **must be submitted** before arriving at YAG. Instructions to follow.

Students will not be allowed to “come and go” from YAG - **once at the conference, they will need to stay at the conference.** To keep everyone’s potential exposure to a minimum, leaving for something like a sports tournament and returning to the conference will not be permitted. We realize that this may be difficult for some folks who may have to prioritize their YAG participation over other activities for their conference weekend.

Participants, advisors, and staff **will wear masks** when indoors, except for in their own sleeping rooms.

Programming and evening activities will take place in **small groups** while still maintaining the traditional YAG feel.

Meal times and transit periods will be **staggered** and extra COVID safety protocols will be established.
